Care Instruction

ENG

Tweak your pillows regularly to keep them plump

Avoid placing the object towards the sunlight

Gently vacuum the upholstery to remove dust and fibers

Remove spills and stains as quickly as possible by gently wiping them with a damp, clean cloth. do not scrub as this may change the appearance of the fabric

Please do not wash or iron. To keep your furniture in the best possible condition, we recommend professional cleaning

After sitting on the material for a while, small wrinkles and deformation of the foam may appear - this is a normal process and the shape itself will return to its original form after a while.

FR

Remodelez régulièrement vos coussins pour qu'ils restent bien gonflés.

Évitez de placer l'objet en plein soleil.

Passez doucement l'aspirateur sur le tissu d'ameublement pour enlever la poussière et les fibres.

Enlevez les éclaboussures et les taches dès que possible en les tamponnant délicatement avec un chiffon propre et humide. Ne frottez pas, car cela pourrait altérer l'apparence du tissu.

Veillez ne pas laver ni repasser. Pour garder votre mobilier en parfait état, nous recommandons un nettoyage professionnel.

Après s'être assis sur le matériau pendant un certain temps, de petites rides et des déformations de la mousse peuvent apparaître – c'est un processus normal et la forme reprendra son aspect d'origine après un certain temps.
